testimonials

"My daughter became really sick from an abscess in a lymph node. She was not responding to antibiotics. Her body looked like a balloon, with her liver and kidneys barely functioning. Within two hours of the first Healing Touch treatment her kidneys started working. With daily work she was able to go home six days later with no further problems."

~ Dawn Cutler, R.N.

"I have lived with physical pain from childhood abuse issues all my life. My therapist sent me to Elly. Not only has most of my pain disappeared, but her work has greatly accelerated my emotional recovery. I also have blood tests to prove that the healing is really happening."

~ Nancy Sturhan

"For years asthma has ruled my life. Since starting Healing Touch treatments I am barely affected by my former allergies. It has made a tremendous difference in the quality of my life."

~ Jackie Bates, R.N.

What is Shamanic Healing?

- * Our Luminous Energy Field is like a blueprint holding a record of every emotional, physical, and spiritual trauma that we have ever endured.
- * These imprints then inform our physical reality, creating patterns in our lives that we repeat until these wounds are healed. This work clears these imprints rapidly, creating profound healing on all levels.
- * The work includes removal of intrusive energies & soul retrieval.
- * The practitioner has assistance from the ancient medicine people, the spiritual & angelic realm, and the archetypes of the animal world. The client is actively engaged in the process.
- * The Healing the Light Body School includes initiation rites linking the practitioner to the lineage of the ancient medicine people of Peru.
